RESEARCH THEMES

How to explore it

- 1 **Search a surname**
Type any of 1,059 co-authors and jump straight to them.
- 2 **Tap a theme**
Isolate one research theme to see who works in it.
- 3 **Drag the dots**
Pull the network apart to untangle the connections.
- 4 **Hover a node**
See how many papers each person shares with Chris.
- 5 **Take the tour**
Hit the "? Help" button for a guided walkthrough.
- 6 **Start fresh**
Refresh the page to reset the network for the next person.
